In addition to my immediate obsession with the beauty of UAlbany's campus, it's the perfect fit for my interests. I appreciate the flexibility UAlbany provides if you are unsure of your major or are looking to explore. I had so many interests coming into college and UAlbany was the right place to help me sort through it all. Everyone at UAlbany is rooting for your success and will help you achieve your dreams. It's an affordable option with so many opportunities, right in your own backyard."

Best College Value – *Forbes*

UAlbany provided me a premier academic experience while offering layers of experiential learning that applied to the working world. The UAlbany community weaves extraordinary strands of people, culture, and thought together. Working collaboratively with others across diverse academic disciplines and backgrounds at UAlbany contributed to my success and shaped who I am today.”
